Girls Leave For Week At Camp In Big Basin

Twenty-six excited Daly City girls, aged between 9 and 16, boarded the bus, Monday, and sped off to Camp Shadowbrook at Big Basin, ready for a glorious week of fun.

The bus left the Daly City WPA Recreation office, 101 Parkview avenue, at 9 a. m. They arrived at camp at 11:30 a. m., just in time for lunch. The bus was supplied by the City of Daly City.

In charge of the camp is Bruce Boynton, director of the Daly City WPA Recreation department. The camp is being sponsored by the city of Santa Cruz this season.

The girls will enjoy swimming, hiking, camping, and all the other activities going on at camp, among the famous big trees and the not so wild wild-life.

The boys will leave Monday, August 11. Thirty-seven have signed up for the outing, which will be the third week of the boys' camp, and will have only Daly City youngsters. The girls going this week will meet the contingent from Santa Cruz at the camp. There will be 51 girls there in all, this week.

During the seven weeks of the camp 89 girls and 167 boys will each have a week's outing—making altogether 256 youngsters going to camp this year.

The area of the camp is about five acres, but the campers have access to about as much territory as they like. There is a swimming pool, a stream, and a great deal of Nature. Deer come into camp frequently.

Coordinator for the Daly City summer camp program this year has been Daly City Post No. 410. (Continued on Page 3)

Bayshore Highway

The controversy over the realignment of the proposed Bayshore highway project west of the San Francisco Airport came to a head yesterday at a meeting of San Francisco and State department of public works officials.

Attending were State Engineer C. H. Purcell, Mayor Angelo Rossi, and Director of Public Works Frank W. Clark.

Clark said the relocation of the highway desired by San Francisco would cost \$445,200 more than the state location, and the state would not agree to change unless San Francisco paid the difference in cost.

The state location costing \$2,058,000 is 24,900 feet and the length of the proposed city location is 26,300 feet, an increase of 1400 feet.

Fourth Bay Bridge?

Possibility that a fourth bay bridge may be constructed was seen, Monday, with approval, by the House Naval Affairs committee, of a study of the project as a defense need.

The bridge would be from Hunters Point—just north of the San Mateo County line—to Bay Farm Island, where the Oakland Airport is located.

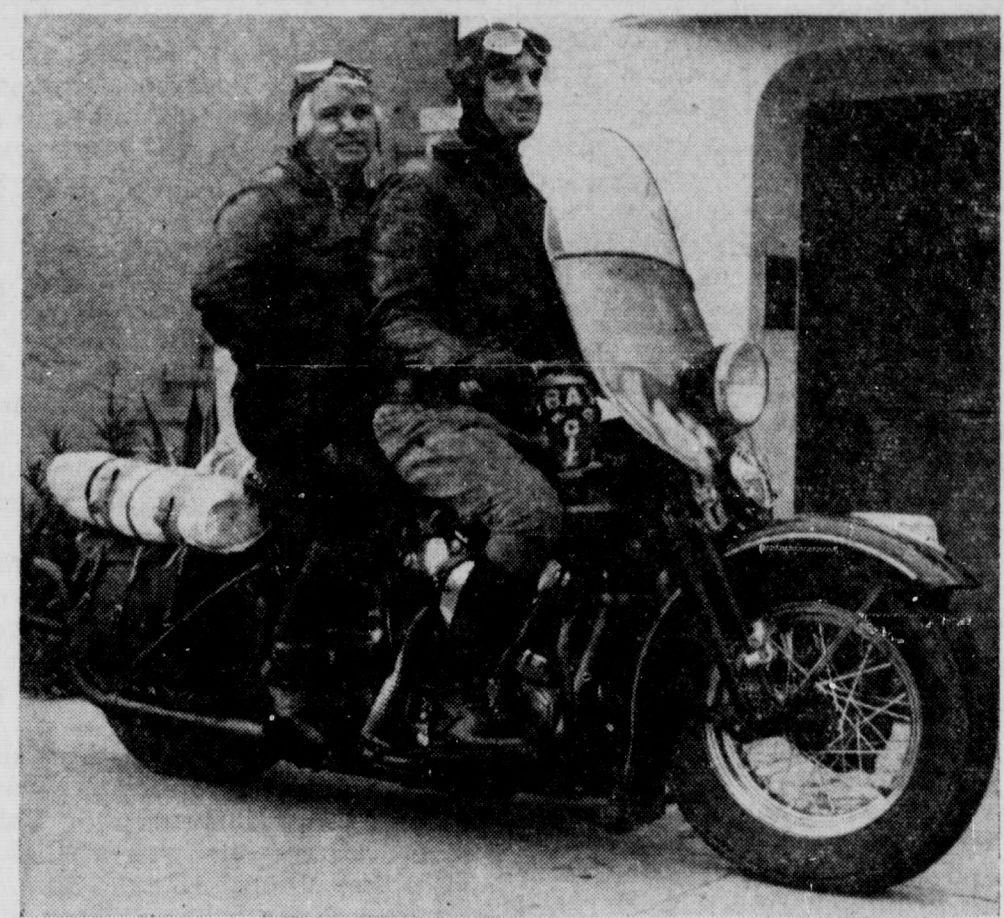

The resolution calls for creation of a joint army-navy board to study the defense necessity of the bridge.

It was pointed out that the San Francisco-Oakland Bay bridge is the only direct approach by highway to San Francisco from the Oakland-Alameda side of the bay.

The proposal is for a low-level bridge, evidently similar to the San Mateo-Hayward and Dumbarton bridges.

At the request of the navy, the resolution was amended to provide for a study of the project as a defense need. (Continued on Page 4)

City Paves Bepler St. At Request of Residents

Work on Bepler street is proceeding smoothly, according to Water Department Superintendent A. J. Bodien. The paving, which was brought about by a petition from residents bordering the street, will make Bepler a "first-class" street, according to Bodien.

Work is being done from Mission circle to beyond Rhine, and also 100 feet north on Rhine. (Continued on Page 3)

Local USO Drive Now Under Way

After a week of getting up momentum the USO fund drive in Daly City has collected \$156.70. The canvass of homes in Daly City will proceed for at least this week and next, and it is expected that the total collected will swell appreciably, according to A. J. Bodien, publicity chairman of the local USO committee.

The girl scouts have been active in canvassing the town, and are also arranging to give a dinner, the receipts from which will be donated to USO.

USO was incorporated, at the request of the federal government, by the Salvation Army, YMCA, National Catholic Service, YWCA, National Jewish Welfare Board, and the National Travelers' Aid association. The government has appropriated \$15,000,000 to establish 360 service clubs, a number of which are now under construction, adjacent to army, navy and marine concentrations. The USO will raise, (Continued on Page 3)

Promote Benedetti To Sergeant's Rank

Three new stripes on his uniform gave evidence this week that Ricco Benedetti, veteran member of the Daly City Police department, was promoted to the rank of traffic sergeant.

Benedetti, the only motorcycle policeman on the local force, will continue his usual weather-eye traffic duties in Daly City and Colma. He was appointed to motorcycle duty in 1936.

He first came onto the Daly City force in 1927 as an extra. At that time there were four regular men maintaining law and order here: "Barney" Hilton, Otto Schramm, Jack Doyle, and William Hopman, father of George Hopman, who is now on the force.

Benedetti is therefore one of the two original members who are still on the force—the other being "Barney" Hilton, who is inactive due to ill health.

Mathers Leave On Motorcycle Tour To Milwaukee

"It's just an ordinary ride for us!"

These were the words of Joe Mather, who with his brother is proprietor of Mather Bros. garage in Daly City. He referred to a motorcycle trip to Milwaukee he and his wife Rose were to start, Sunday.

Mr. and Mrs. Mather, who have been enthusiastic cyclists for many years, will ride double on Mather's big shiny 1941 Harley-Davidson. He has built a special double seat to accommodate two riders comfortably. Other improvements he has made on the machine are rubber-based handlebars, which increase control, and a semi-circular windshield for protection.

The pair are taking the trip at the invitation of the Harley-Davidson Motorcycle company, situated in Milwaukee, to visit their plant.

They will travel to Salt Lake, thence to Chicago, and along Lake Michigan to Milwaukee. (Continued on Page 3)

To Ask Housewives For Old Aluminum

In the interest of national defense housewives of Daly City will be asked to donate all the old aluminum they can spare in part of the national aluminum drive, July 21 to 29.

At the request of the Office of Production Management, Governor Culbert Olson issued a proclamation asking for aluminum, and the program is being carried (Continued on Page 4)

What Goes Up Must Come Down

What goes up must come down, but sometimes coming down can cause a lot of grief!

That's a lesson that Leroy Paul, adventurous small son of Mrs. Laura Paul, 127 Hillcrest drive learned last week, and he won't forget it for some time!

Leroy decided it would be a swell idea to climb up a palm tree in his front yard, so, like most small boys, he didn't waste any time; he climbed right up.

Going up was easy, and you could see a long way from high up in the tree. Climbing the tree had been really a swell idea, thought Leroy.

But coming down was a considerable problem. The spikes of the palm tree were sharp and (Continued on Page 3)

Daly City Band To Play At Napa Fair, July 26-27

For the second successive year the 50-piece Daly City Band, under the leadership of George E. Brenner, has been invited to be the official band at the Napa county fair, July 26 and 27.

The band will take part in a parade through the Napa business district, Saturday, and will head the big pageant known as the Cavalcade of Nations. It will supply music for the horse show. Altogether its schedule is very full, calling for two active days.

Sunday at noon the musical organization will lead the annual street parade, consisting of over five thousand participants including bands, drum corps, military, fraternal and drill teams from all over northern California. At 3 p. m. Sunday the band will play a grand concert at the band stand in the fair grounds.

Mayor John J. Fahey and the entire city council have been invited to attend. Fahey and Cavagnaro have expressed their intention of going. They will be the special guests of the general manager of the fair, Dave Cavagnaro.

Miss Rose, well-known Daly City dancing instructor and majorette, with three of her small assistant majorettes, Darlene Rogentine, Elaine Williams and Dorothy Langensand, will participate. Their performance will be certain to add much charm and color to the band events. They will accompany the musicians to Napa. Staff drum major, Tipton Banks, will be in his usual position as official drum major.

Brenner has secured a special feature the Beeson Trio, longtime vaudeville performers and now proprietors of Beeson Cleaners. The trio is composed of Tom and Trixie Beeson and their son Tommy. Tom sr. and Tom jr. will (Continued on Page 4)

Building Figures Continue To Rise

Building in Daly City continued apace during June with permits for \$91,950 in homes being issued by Building Superintendent A. J. Bodien.

This amount includes the value of 24 homes being erected and a small improvement cost—\$150. Twenty of these homes are to be situated in the Hillside Boulevard tract.

Permits for four five-room houses were applied for in the first week of July, plus permits to set up a building to accommodate two stores. The houses are worth \$3500 each and the store-buildings \$4000.

According to San Mateo County Assessor Flynn, Daly City in the past fiscal year has gained \$88,630 in assessed valuation. The present assessed valuation of the city is \$4,104,710, according to the assessor's figures.

Babies Are Wonderful - - Even Printers Say So

Readers won't find any jumbled type in this week's Daly City Record, but if they did, it would have a perfectly reasonable explanation. Roland A. Petrocchi, Record printer who makes up the pages of the paper, is the proud father of a daughter, born Saturday at Stanford hospital, San Francisco.

Monday morning, needless to say, all the men on the staff of The Record were puffing cigars . . . and Petrocchi, in his enthusiasm, even offered them to The Record girls.

Mr. and Mrs. Petrocchi are well-known here. Both attended (Continued on Page 3)

COUNCIL HEARS COMPLAINT

"The Music Goes 'Round And 'Round"—So Do Firemen And Musicians

Daly City has so many and such active organizations for a town of its size that now and again there's bound to be a bit of friction between a couple of them.

An example of this came out at the meeting of the Daly City council, Monday night. It seems that the firemen of Company No. 5 have been meeting the second and fourth Tuesdays of each month in Company 5 fire house for 22 years more or less. And now the band is meeting in the same fire house the same nights. This causes friction because a band is by nature loud and brassy and the firemen say they don't meet exclusively to listen to a concert. Not that they don't like music, but . . .

The council decided to have a delegation from the band and the firemen tell their stories at caucus meeting, next Monday, and promise that arguments will be weighed with an eye to peace and justice.

Other business taken up by the council included the passage of several minor resolutions, one approving the expenditure contemplated by the state division of highways on Daly City highways for 1941-43. The city treasurer was authorized to transfer to the unbudgeted reserve fund of the general fund the following surplus balances: from Series "T" Improvement District Fund \$200.65; from Series "L" Improvement District Fund \$2177.34. It was also resolved to grant an extension of time until 180 days after July 23 for Hanrahan-Connally company to complete furnishing materials for street improvements.

L. Gfroerer applied for a position as street cleaner. His application was placed on file. S. M. Pfeifer offered his resignation from the fire department due to change of address. This was accepted.

Fred Collins' report on the bacteriological analysis of Daly City water found the water "good"—no bacteria.

A complaint was filed concerning railroad cars blocking the right-of-way on Railroad avenue for "undue lengths of time." It (Continued on Page 4)

Local Draft Board Has Issued Call To Total of 122

Total number of men drafted by the Daly City-South San Francisco board has been 122, announced Isabelle Flynn, clerk in charge of the board, this week.

Members of the local draft board, No. 103, attended a district meeting in San Francisco last night at 7:30 p. m. The order-numbering of the latest registrants was discussed. This numbering will follow tomorrow's lottery in Washington, at which the order of 750,000 new registrants will be determined.

New registrants of this district have already been given their serial numbers by the local board.

The thirteenth call of thirteen men left, yesterday, for the San Francisco armory.

All questionnaires for men who registered nine months ago have been sent out, according to Mrs. Flynn.

Married men and men over 28 are not being inducted pending the passage of legislation now before congress concerning them.

Men who have married since they registered for the draft must sign a sworn affidavit that they did not marry principally to escape the draft, according to Mrs. Flynn.

Senior Girl Scouts Enjoy Outings

Vacation time certainly has proved popular with the Senior Girl Scouts. Every week finds the young ladies enjoying some new kind of recreation.

Monday, nine of the young ladies met with their leader, Mrs. Lyl Ingersoll, and boarded the street car for Golden Gate park. After playing games and eating their lunches, they visited the museum and aquarium. "Most outstanding thing of the day," said Mrs. Ingersoll, "was the museum display of European and American costumes."

Next big event on the girls' calendar is a trip through Chinatown, Tuesday, July 22. "For the girls who have just returned from their vacation, we plan to have our dinner in a Chinese restaurant and then take a tour of Chinatown," their leader said.

The girls are to meet at 4:30 p. m. in front of the Daly City branch, Bank of America.

Miss Mary Callan Weds At Lovely Church Ceremony

Holy Angels church, Colma, was the setting of the nuptial mass at which Miss Mary Colter Callan and William Donald McDonald exchanged their vows. The altar was beautifully decorated with white gladiolas and stock and banked with palms.

Father Charles Phillip, pastor of Old St. Mary's in Oakland, officiated at the 9:45 a. m. ceremony. He was assisted by Father James Sorasio of the local church.

The bride, daughter of Mr. and Mrs. Thomas Callan, Colma, was escorted to the altar by her father. She wore a white satin gown fashioned with a high neckline and long tight sleeves made of real Irish lace. A two-tiered tulle veil cascaded from a coronet headdress of orange blossoms. The bride carried a bouquet of bouvardia, gardenias and white butterfly orchids.

Miss Harriet Williamson was a maid of honor. Her full-skirted gown was of aquamarine chiffon with a heart-shaped neckline and short puffed sleeves brocaded in aquamarine silk. Her head piece was a halo of matching net to which was attached a short face-length veil. Her bouquet was of gardenias.

The bridesmaids were the Misses Helen and Martha Callan, sisters of the bride, and Miss Elda Rossetto a college classmate of the bride. They were all attired like the maid of honor with pink as their color.

They likewise carried bouquets of gardenias.

Miss Mary McDonald, sister of the groom, was the flower girl.

Acting as best man was Alex Karize, Berkeley; August Gaspar and Bill Pederson, college friends of the groom, and the bride's two brothers, Carter and Thomas Callan jr., were ushers.

Immediately following the ceremony, relatives and a few immediate friends attended a wedding breakfast at the Lake Merced Country club. Here the newlyweds received the many good wishes and congratulations of their friends and especially of their many relatives who journeyed northward for the occasion.

For her going away outfit, the bride chose a wool ensemble of pink and blue. Upon their return in August, the newlyweds will take up their residence in Piedmont.

The bride is a graduate of the Immaculate Conception academy and the University of California, where she was affiliated with the Kappa Kappa Gamma sorority. For the past year the bride has been teaching at the Half Moon Bay high school. She is also a member of the Eastbay branch of the Childrens' hospital and the Western Womens City club.

The recent benedict, son of Mr. and Mrs. Angus N. McDonald, attended St. Mary's college and is now associated in business with his father in Oakland.

Mather Vacation

(Continued from Page 1)

Mather estimates that the trip will take them five days.

"Even if we don't go faster than an automobile, we'll save time," he said. "Traffic doesn't hold up a motorcycle the way it does an automobile. We just spin right past a line of stalled cars."

In the West the motorcyclists will wear leather coats a n d woolen breeches and in the East they will change their costume to pure white coveralls with t h e name of the club they belong to on the back—the Bay City Motorcycle club.

"It's much more comfortable on a motorcycle than most people realize," said Mather. "Even in hot weather, with the sun beating down, we'll be cooler than the motorists in their cars. The breeze keeps us cool."

Although in the past four years Mr. and Mrs. Mather have travelled all over the West, this will be their first trip riding double. Previously Mrs. Mather had always ridden her own machine. But they will save time by using one motorcycle on the long trip to Milwaukee.

Last year the pair travelled to Yellowstone National park, Glacier National park, and the Grand Coulee dam. Two years ago they visited Death Valley, Boulder Dam, the Grand Canyon, a n d dipped into Mexico. Everywhere they go they take photographs.

Mather's powerful machine, the best and most expensive motorcycle made, will go 40 to 50 miles to a gallon of gas. A highway speed of 70 to 75 miles an hour will be commonplace on the trip, according to cyclist Mather.

Mather has owned a dozen motorcycles since he became interested in them in 1906. His wife, Rose, took up riding soon after they were married in 1908. She has had three motorcycles.

The Bay City Motorcycle club, to which the pair belong, h a s over one hundred members and is only one of the several such clubs in the Bay region.

"So motorcycling is still much more popular than most people think," said Mather. "It's a fine exhilarating sport!"

Social Security

In San Mateo county there were 263 men, women and children at the end of March entitled to a monthly check from the federal government under the old-age and survivors insurance program of the social security act, according to J. F. Fanning, San Mateo manager of the social security board. Payments in the county at that time were \$5664 a month.

The social security act, Fanning explained, provides a monthly payment to the widow and young children of an insured worker who dies, regardless of the worker's age at death. These benefits he said, are illustrated by payments to 26 young widows and 56 children in the county who were receiving \$1436 a month at the end of March. In many instances, it was said, the family survivors of these deceased workers will, over the years, receive from \$5,000 to \$10,000 in monthly insurance payments.

"Several hundred workers in San Mateo county who are 65 or more," said Fanning, "have already had sufficient employment to entitle them to monthly payments when they quit work. The increasing number of jobs as a result of the national defense program has provided an opportunity for many of these workers to continue in employment."

Information on the federal old-age and survivors insurance plan may be obtained by writing to the social security board, 308 Baldwin street, San Mateo.

Ice Follies Has Famous Combine

You've heard about such famous combinations as Ham 'n Eggs, Scotch 'n Soda, Cops 'n Robbers and Pen 'n Ink.

Now meet another noted combine, the comic skating team of Shipstad and Johnson, famed funnymen of the Ice Follies of 1941, now playing nightly at Winterland, in San Francisco.

Eddie Shipstad and Oscar Johnson are co-owners of the amazing figure skating carnival, with Roy Shipstad. All three skate in the ice extravaganza, as well as supervise the production and business end of the show.

Eddie and Oscar are the Damon and Pythias of the figure skating world. They have been skating together for twelve years and are partners on and off the ice.

Their careers began in St. Paul where the two were featured skaters with amateur skating carnivals. But skating was only a side-line. Both boys had regular jobs and took leaves of absence from their daily work whenever a skating show appeared on the horizon.

Finally the day came when Eddie and Oscar decided to back to the limit their idea of a figure skating show. That was in 1936. Each year since then the Ice Follies has grown and reached additional heights of success.

Despite the demands placed on the two by the triple-duty of business, teaching and performing, Eddie and Oscar thrive on the busy diet.

They are acclaimed as the greatest comedy team ever developed in the United States. In the years of partnership the two have perfected the art of comedy on skates to the 'nth degree.

Another matinee performance has been scheduled for Saturday afternoon, July 19, to accommodate the many out-of-towners who have made inquiry.

It's Bicycle Time

MOTORISTS—Vacation time is bicycle time for millions of boys and girls all over the country.

This imposes an added responsibility on motorists, the National Safety council warns. Although everything possible is being done to teach youngsters to bicycle safely, many of the hundreds of deaths every year could be avoided if motorists were more alert.

So the council says to the adult at the wheel—watch out for the child on the wheel!

"Dog Bites Boy"

Is Real News Story

"Dog Bites Boy" is not usually a very exciting newspaper story. "Boy Bites Dog" is the great classic, but in this case the ordinary "Dog Bites Boy" story takes on a great deal of glamour and importance—at least in the life of one ten-year-old boy named Jack Halvarson, son of Mr. and Mrs. O. C. Halvarson, Hillsboro, Oregon.

Locale of the happening was Mission Auto court a few days ago. Young freckle-faced Jack came to the auto court as a guest with his parents. He strutted, he puffed, he fairly exploded to a court employee, "I bet you don't know who I am!"

"Let's see," the employee hesitated.

"Well, if you don't, you certainly should," Jack spouted. "I'm the boy that was bitten by BETTE DAVIS' dog last time I visited this court!"

Jack was right. Story goes that way back in 1936 when Bette Davis, the famous movie actress, was residing at Mission Auto court her pet dog did nip, ever so lightly, a small boy. Miss Davis took the youngster to her cottage, carefully disinfected the scratch, bound it up, and sent the youngster on his way with a kiss.

Jack exhibited an almost vanished scar to prove his identity. Dozens of envying admirers gathered to see Jack's souvenir of one of the most memorable occasions of his life. A young man just about twice Jack's age was heard to sigh dreamily, "Oh, to be bit by a dog that belongs to Bette!"

Bowling fans and spectators are invited to attend opening night. Early this fall the proprietors plan to sponsor tournaments and other special features.

Members of the Daly City-Colma Lions club have gone in for bowling in a big way! They have organized two teams, under the direction of H. H. Smith jr.

The Lions club has tentative plans to join a fall league of Daly City bowling teams—nine of them altogether, Curry's Barbers, Universal Press, Shell Oil, Eagles (two teams), Lions (two teams), Daly City Post No. 410, American Legion, and Milo's Market.

MORE THAN THOUSAND LOCAL FANS SEE OWL DRUG DEFEAT SHERRY SUNDAY

Nearly a thousand local baseball fans turned out, Sunday, to watch Owl Drug Co. defeat Sherry Liquor Co. 8-2 at Marchbank park. Both teams are class AA outfits from San Francisco.

Race, moundsman for the winners, kept the Sherry nine well under control, allowing only five hits, which is not many in any league. The Owls collected twelve hits. Race pitched a shut-out for seven innings, but in the eighth two hits and a walk produced one run, and another tally was marked up in the last frame when the Sherry boys put together two more hits.

Pitchers Elton and Paolucci were pounded hard and steadily, the Owls getting to Paolucci for five hits and four runs in the third. He was replaced by Elton in the eighth.

The game was the first time these two teams had met. They both have fine records. The rivalry between the two had caused them to bet a dinner on the game, which, naturally, was paid by Sherry Liquor Co.

The first game was forfeited to the Shamrocks, since the Daly

Fish-Mushroom LOAF

by Dorothy Greig

THE big solemn gaze of my small fry visitor watched me as I turned out this loaf and started to slice it. "It's tidy, isn't it?" she observed.

That seemed an odd but amusingly accurate way to describe the tuna loaf. For it does slice down neatly without breaking or shedding crumbs.

It might be called a Surprise Loaf because while made of tuna fish its flavor resembles chicken. Then, too, the condensed soup gives a subtle mingling of mushroom flavor through and through.

Serve this loaf cold or hot. It's good either way:

- 1 can tuna fish (7 oz. size)
- 1 can condensed cream of mushroom soup
- 1/2 cup milk
- 2 1/2 cups soft bread crumbs
- 1 tablespoon pimiento, chopped
- 1 tablespoon parsley, chopped
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 2 eggs

Put the tuna fish in a strainer and run hot water over it to take out the extra oil, then put the meat through the food chopper, using the small blade. Soak the bread crumbs in the 1/2 cup milk. Then combine tuna fish, bread crumbs with milk, pimiento, parsley, seasonings, cream of mushroom soup, and eggs and mix thoroughly. Put into a well-greased loaf pan and bake in a moderate oven (375° F.) for 50-60 minutes. Size of loaf 7"x3"x2 1/2". Serves 6-7.

A continuous stream of admiring people have paid tribute to the talents of Mrs. Lela Campbell, who has her dolls on exhibit in the show window of the Henry Warshawski Dry Goods store. The dolls have been on show since last Wednesday and will be removed this evening.

The dolls, which elicit so many "oh's" and "ah's" from especially the feminine contingent of the passers-by, are a hobby with Mrs. Campbell, who teaches a class of doll-making at the Daly City WPA Recreation department.

She has made dolls of all nationalities and periods, having studied costuming extensively, and her work is said to be unusually authentic.
